

Come to the Light. John 8:12

**Rebuilding
Ezra 3:7-13
February 19, 2012**

Rebuilding for God takes two commitments

1. Rebuilding takes getting back to the basics
 - a. Giving together (v. 7)
 - b. Serving together (vv. 8-9)
 - c. Worshipping together (vv. 10-11)

2. Rebuilding takes self-control (vv. 12-13)

Take-Home Points

1. Identify wrong methods you have used to rebuild your life?

2. Have you set the conditions for personal revival to take place in your life?
Getting back to the Bible basics: Reading the Word, Taking time to pray to and worship God, Serving the body of Christ, Giving, Repenting, Trusting, Attending, and Mentoring.

3. Is the Gospel the basis on which you are building your life? It is not enough to grieve over or to try and fix your past. It is also never enough to merely celebrate the blessings of the present. God rebuilds believers in terms of their past and present for the future.

4. Are you willing to be a servant leader? Confidence for being a servant leader should spring from the Word of God and from spiritual character.
