Worship Center Renewal

The following is a brief status report. For a full description of the project, please pick up a Worship Center Renewal Brochure at an information table. It outlines our proposed work for the next year. It is our desire to see God honored as we strive to worship him with increasing excellence in warm community as believers.

Phase One of the project is nearly complete. Extensive painting, and surface upgrades, are nearly finished. Over the next year we will add new signage, ministry information centers, a bookstore, and lobby seating areas.

Phase Two of the project began in January. This substantial work includes our major technical system improvements for lighting, audio, and video. New stage curtains, flooring and auditorium furnishings will also be installed. Our goal is to complete the work by June 10, 2012. **Phase Two budget: \$400,000**
